

FEATURES

- Hard wearing DELRIN body
- Half Cell can be replaced
- Lightweight design / Easy to use
- Suitable for fitting to manipulator arm

The UCP1B proximity probe is a lightweight and versatile instrument specifically designed to carry out underwater cathodic protection potential measurements.

The probe has been developed for use with manned or Remotely Operated Vehicles (ROVs) and comes complete with 3 metres of cable. Each probe is supplied with a Certificate of Inspection and Conformity.

By placing the UCP1B in close proximity to the surface under test, a voltage reading can be obtained on a suitable high impedance or digital voltmeter. The meter should be connected between the probe and a separate structure negative return.

The UCP1B is extensively used in a wide range of applications including production and drilling platforms, ships' hulls, jetties and other marine works.

UCP1B product code: H5

TECHNICAL SPECIFICATION

Half Cell

Type: Silver/Silver Chloride screw-in
Output: $\approx +250\text{mV VS SHE}$
Temperature coeff: $-0.6\text{mV per }^{\circ}\text{C}$
Temperature range: $0 - 30^{\circ}\text{C}$
Working life: 1 to 2

Unit

Designed for use with remote voltmeter
Minimum load impedance $>10\text{M Ohms}$
Weight: 0.5Kg
Size: $126\text{mm long} \times 39\text{mm diameter}$
Underwater cable: $3\text{m long} \times 9\text{mm}$
Depth of operation: $700\text{m}+$

Packed weight (complete): 0.8Kg
Dimensions (packed): $26\text{cm} \times 14\text{cm} \times 30\text{cm}$

Note: Due to ongoing technical developments, all stated information is typical and is subject to change without notice or obligation

AFTER SALES SERVICE / TECHNICAL SUPPORT

All Buckleys products are manufactured under the controls established by a quality management system that meets the requirements of BS EN ISO 9001:2008 and are supplied with a one year "back-to-base" warranty. The equipment is proven to be robust and reliable and will give years of service if maintained in accordance with our instructions.

Advice on specific applications for all Buckleys products is available from our technical department. Contact us by telephoning, sending a fax or by e-mail using the contact details below.

Buckleys (UVRAL) Ltd., Buckleys House, Unit G, Concept Court, Shearway Business Park, Shearway Road, Folkestone, Kent. CT19 4RG. UK
